

New Applicant Waiting List

For your convenience, we have published our new applicant waiting list and our transfer list. The lists are sorted by date. To find your position on the list, simply reference the month, day and year in which you applied.

New applicants and transfers are assigned based on application date, preference and availability. Please read the “Procedure for Assigning Seasonal Mooring Permits” in the Rules and Regulations section to see the order of assignments as dictated by the code of the Chicago Park District.

The assignment process for transfers and new applicants process will take place in March and April after the slip renewals for current customers have been processed. Transfers for existing customers will be done first. At the conclusion of the transfer process we will begin assigning new applicants to the remaining available locations.

Please note that previous applications specifying the new harbor at 31st Street as their first choice are not listed as they have already been granted for the 2012 season. Furthermore, subsequent applications that are submitted specifying 31st Street as their first choice will be also granted as they are received and processed.
