

Transfer Waiting List

For your convenience, we have published our new applicant waiting list and our transfer list. The lists are sorted by date. To find your position on the list, simply reference the month, day and year in which you applied.

New applicants and transfers are assigned based on application date, preference and availability. Please read the “Procedure for Assigning Seasonal Mooring Permits” in the Rules and Regulations section to see the order of assignments as dictated by the code of the Chicago Park District.

The assignment process for transfers and new applicants is now a year round process. They can be conducted anywhere from a weekly to a monthly basis depending on availability, time of year, outstanding transfers and outstanding applications. The greatest availability occurs after the deadline for seasonal renewals, when non-renewed spaces become available. Transfers within harbors are done before transfers between harbors and there may be several rounds of each. Applications are done after the completion of the transfer rounds.

All transfer requests will remain on file until they are accommodated. If you wish to cancel a request, you must notify us in writing. Also be aware that if you have multiple transfer requests and one of them is accommodated, the other transfer requests will remain active unless you cancel them by notifying us in writing.

If you contact us regarding a transfer, please refer to it by the date of the transfer, not the number listing. These numbers are simply the order at the time the list is printed and change as people receive or withdraw transfers.

Near slip 13, there are many power boats who have a good time on the dock and enjoy the harbor. 292	Strauss, Steven R. I-8, I-12, I-9, I-10, I-11. Is my priority order for transfer. Currently assigned to I-41 (north side of I dock) mainly for safety reasons. Would like to transfer to South side of I-Dock. As we know the pilings that hold I-Dock in place are on the North side on the main artery of I-Dock makes it very difficult to stern into the slip. As noted, south side of the dock would be safer to access the boat as an older person as well as maneuvering within a wider alley on the south side	50	50	0	09/07/19	Power	ASTI041	Ship Of Fools

	I placed an order this morning for a new Beneteau 41.1. My current Beneteau 361 is in slip H51, which is too short for the new boat. Ideally, I would get a slip on the south side of H dock, because H dock is more sailboat friendly than I dock by virtue of the number of sailboats on each one. And since there are dual helm stations, with the engine controls to port, I need to come into the slip with my port side to the dock
