

New Applicant Waiting List

For your convenience, we have published our new applicant waiting list and our transfer list. The lists are sorted by date. To find your position on the list, simply reference the month, day and year in which you applied.

New applicants and transfers are assigned based on application date, preference and availability. Please read the “Procedure for Assigning Seasonal Mooring Permits” in the Rules and Regulations section to see the order of assignments as dictated by the code of the Chicago Park District.

The assignment process for transfers and new applicants is now a year round process. They can be conducted anywhere from a weekly to a monthly basis depending on availability, time of year, outstanding transfers and outstanding applications. The greatest availability occurs after the deadline for seasonal renewals, when non-renewed spaces become available. Transfers within harbors are done before transfers between harbors and there may be several rounds of each. Applications are done after the completion of the transfer rounds.

If you contact us regarding an application, please refer to it by the date of the application, not the number listing. These numbers are simply the order at the time the list is printed and change as people receive an assignment and are removed from the list or withdraw applications.

To search this document in Adobe Acrobat, click on the **Search** icon in the toolbar or select **Search** in the **Edit** menu at the top of the page.

Legend

- Date - Date application was received
- Name - Name of applicant
- Length - Range of length of mooring requested
- Boat Type - Type of Boat

Please note that this waiting list is current as of the date listed at the top of the page. Applications received on that day or later will not be listed.

	We are new boat owners, and strongly prefer T-head for purposes of docking given that the beam is 14 feet. We tried transient slips and found docking quite difficult. As a result we have ordered our preferences below to help with safe & easy docking (1 being highest priority, 4th being lowest):							
	1. 35' T-head (ideally in H followed by I & J, then followed by EH, then EB, then L, M, N, & O).							
	2. 40' T-head (ideally in G, followed by EC, then P or Q, then EG).							
	3. 40' slip (ideally in G (prefer north), followed by EC (prefer south), then P or Q (prefer north), then EG (prefer north)). Would prefer slips further down the dock by center waterway, rather than close to walk-way at shore. Cannot dock at slips by walls near entrance of docks with this boat.							
	4. 35' slip (ideally H, I, or J (north facing if possible), followed by EB (prefer south), then L (north if possible), then O (south if possible), then M or N (north if possible)). Would prefer slips further down the dock by center waterway, rather than close to walk-way at shore. Cannot dock at slips by walls near entrance of docks with this boat.
