

NOTICE OF AVAILABILITY: N-2201

For Commercial Docking and Mooring in the Chicago Harbors

ADDENDUM 1

Responses Due: February 25, 2022, 1:00 p.m. C.S.T.

Answers to Submitted Questions

Q. Where would the parking lot be for this harbor?

A. The Monroe Charter Wall does not include a parking pass. Paid Parking is available at the East Monroe garage or the DuSable paid parking lot when available.

Q. Also, it looks like all of the spots are for 40 foot vessels. Is that accurate?

A. Yes, spaces are 40ft, but additional space is allotted between spaces to provide separation between spaces. However, if you wanted to bid on two spaces next to each other for a larger boat that would be acceptable.

Q. Does each bid need to be in a separate envelope, 5 bids, 5 envelopes?

A. Bids can be submitted in one envelope.

Q. If I bid on multiple spaces and win them all, am I obligated to take multiple spots?

A. No

Q. I am assuming the "Various" spot listed under x-01 would count as 1 of the 5 bids, correct?

A. Yes.

Q. For the spots in Monroe, we don't necessarily care which spot we get so do I need to pick a specific spot?

A. Yes also make sure you submit separate bids for each space.

Q. If I do and we lose the bid for that spot but there is another one open, would we be considered for that spot?

A. No. You will only be considered for spaces that you submitted a bid for. Any spaces not awarded will be place back out for bid.

Q. The spot designated as X-01, is that an additional spot(s)?

A. X-01 refers to any proposed space in the Chicago harbors system not specifically identified in the NOA.
