

New Applicant Waiting List

For your convenience, we have published our new applicant waiting list and our transfer list. The lists are sorted by date. To find your position on the list, simply reference the month, day and year in which you applied.

New applicants and transfers are assigned based on application date, preference and availability. Please read the “Procedure for Assigning Seasonal Mooring Permits” in the Rules and Regulations section to see the order of assignments as dictated by the code of the Chicago Park District.

The assignment process for transfers and new applicants is now a year round process. They can be conducted anywhere from a weekly to a monthly basis depending on availability, time of year, outstanding transfers and outstanding applications. The greatest availability occurs after the deadline for seasonal renewals, when non-renewed spaces become available. Transfers within harbors are done before transfers between harbors and there may be several rounds of each. Applications are done after the completion of the transfer rounds.

If you contact us regarding an application, please refer to it by the date of the application, not the number listing. These numbers are simply the order at the time the list is printed and change as people receive an assignment and are removed from the list or withdraw applications.

	Requested Year: 2023 T-Heads/Side Ties: No Commercial (charter): Yes I am requesting slip N28 for this new vessel and perhaps this is possible as I am unsure of the plans for the currently occupying N28. If not N28, then for sure on N dock. If N dock is not available, please let me know as this is very important for logistics and would make this so much easier to have N27 and N28.

This slip would be used to house 2 jet skis on floating docks. we currently have a boat in slip G42. Does not have to remain in G42, we are good moving down to a 35ft slip to try and get adjoining slips. Goal is to have the jet ski and boat together with jet skis in one slip and the boat in the other slip

	Requested Year: 2023 T-Heads/Side Ties: No Would like stern,port side tie up , north side of dock, would also be interested in year round contract for winter storage Please take into consideration when assigning my slip the view to the north, the berm separating the beach from the marina has greenery on it and may hinder the view of the city if the slip is too far out. I am not sure of this since I have never been on the docks but from the map view it looks like a possibility, please call me with questions or if there are several options fora slip. Thank you in advance for your consideration on this matter , it is important to me.
